Master in Sustainable Agriculture and Rural Livelihood (MSARL)

School of Agriculture & Rural Development (SARD)

Bangladesh University of Professional Education

1. Bangladesh University Professional Education is committed to providing quality education in the field of Sustainable Agriculture and Rural Livelihood (MSARL).
2. The program is designed to provide students with a comprehensive understanding of the principles and practices of sustainable agriculture.
3. The program offers a wide range of courses that cover topics such as agroecology, soil and water management, and rural development.
4. The program is open to students from all academic backgrounds and is suitable for those interested in pursuing careers in agriculture and rural development.
5. Students will have the opportunity to work with experienced professionals in the field and to gain practical experience through fieldwork and internships.
6. The program is offered in both full-time and part-time formats, allowing students to balance their studies with other commitments.
7. The program is accredited by the Bangladesh University of Professional Education and is recognized by the government.
8. Interested students are encouraged to apply for admission to the program and to contact the university for more information.
